EXCLUSIVE PRODUCTS

FASTEST DELIVERY

It's more than a slogan; it is the driving force behind our commitment to support your business with new products, services, and solutions. We understand you don't need another brand of electric strike, push/exit button, or door control system. You need products and solutions that provide more selection, features, and value to improve your service to building occupants, and to increase your profits.

From more maglock accessories to new restroom (privacy) control system kits, and the world's first 1/2" surface mount RIM strike with preload, Camden is continuing our 36-year history of offering the best door activation, control, locking, and access control products!

Although Camden continues to grow and expand our range of products and services, one thing will never change—our dedication to earning your business every day!

Clarity You Can See, Protection You Can Trust

The *Corbin Russwin CLX3300 Series* and *SARGENT 10X Line* bored locks with status indicators deliver instant visual clarity, security, and privacy. Designed for easy, non-handed installation in both new construction and retrofit applications, they exceed Grade 1 standards and are UL/cUL fire-rated, ADA-compliant, and built for durability in high-traffic environments.

Key Features:

- Status indicator available for inside, outside, or both sides of the door
- Multiple indicator windows for visibility at any angle
- Variety of options available, including privacy and cylinder functions

Applications:

- Restrooms, classrooms, quiet rooms, and more

Discover the New World of Smart Gate Operators

One-Touch Control for Any Gate Operator

Experience Hassle-Free Security Gate Access Without an Access System

With the combined power of the DKS Smart Gate Switch, Smart Connect App, and a WiFi connection, users can open and close their gate from anywhere — right on their smartphone. The app also allows users to check the status of their gate, create gate access schedules, and view the history log of gate activity. Compatible with Alexa, Google Home, and Siri, the Smart Gate Switch is equipped with advanced security features and user-friendly operation, making it easy to monitor and control a gate from anywhere. Simply wire the Smart Gate Switch to **any** gate operator that has a built in reply switch. Looking for a solution that just makes sense? You'll find one from DKS.

FRAMON
PRECISION TOOLS FOR THE LOCKSMITH PROFESSION

Used by thousands of locksmiths around the world - EVERY DAY.

FRA-2001 COMPUTER-DRIVEN CODE MACHINE

Framon's fully automatic code machine, powered by Genericode software, offers a fast and precise solution for cutting edge-cut keys. Ideal for cylindrical, automotive, interchangeable core, and most restricted keyways (excluding Medeco angled cuts), it originates single-sided keys in just 15-20 seconds. Easily add custom depth and space charts and experience the trusted reliability of Framon equipment.

MAILBOX KEYS

Need keys for Home Depot and Lowe's mailboxes? We've got you covered!

BULLSEYE INSTALLATION JIG

The Bullseye Installation Jig will assist installers with drilling wood or metal doors, both 2-3/8" and 2-3/4" backset. The tool is completely self-contained besides a 3/32" allen wrench to change bore sizes. **Part# FRABULL**

Genericode Code Retrieval Software - NOW AVAILABLE!

Contact IML Security Supply or Framon Manufacturing for your FREE 7-Day trail.

1200PCH
THE PUNCH MACHINE™

The Punch Machine™ is a must have for those who need a machine to create keys where electricity may not be available.

Includes 3 punch & die sets.

747XU
TUBULAR DUPLICODE™

Accommodates 8-, 10-, & 11-cuts, right & left-hand cuts, dead-pin cuts and pin-within-a-pin cuts. It also can duplicate a variety of keys with any space and depth configuration.

HUDSON HPC esp
HUDSON LOCK, LLC

1200CMB
THE ORIGINAL BLITZ™

HPC's Blitz™ is the "Standard of the Industry" and has been since its inception in 1978 when is was originally introduced as the 1200CM. It revolutionized cutting keys with its innovative code card system.

1200MAX
CODEMAX®

The CodeMax® contains Depth & Space Data (DSD) for more than 950 different lock types, plus a micrometer function in both imperial and metric.

KEY MACHINES

Ilco provides a range of machines for duplicating traditional keys, edge-cut keys, high-security keys, and laser-cut keys.

PROGRAMMING TOOLS

Ilco and Advanced Diagnostics offer professional programming tools to originate automotive keys, even when on-board programming is restricted.

LOOK-ALIKE® REMOTES

Ilco Look-Alike Remotes offer a cost-effective OEM alternative. Each remote is brand new, FCC certified, and tested for reliability.

Ives® continuous hinges

Versatility
Available in full surface, half surface and full mortise, the XY Series hinges are heavy duty and easy-to-install. A patented solution that allows lateral and vertical adjustment after the hinge is secured to the door frame.

Performance
All XY hinge types offer the FOCUS™ bearing system which delivers greater performance and reliability than conventional bearing systems.

Aesthetics
Contours of the hinge covers give the door and frame a clean, aesthetic look.

For more information, call **888.670.4329** to speak with one of our technical experts or visit **us.allegion.com** to learn more about our Ives solutions.

LCN® 4040XP Series

A Heavy-Duty Closer Unlike Any Other

High-traffic doors call for heavy-duty closers that won't let you down, no matter how many people go through the door.

When it comes to heavy-duty closers, no other closer is like the LCN 4040XP. As a durable, non-handed, surface-mounted heavy-duty closer, it is designed for the most demanding high-use-and-abuse applications.

ALLEGION™

LCN® Taking Control.

ACCESS MANAGEMENT SOLUTIONS

MASTER LOCK® VAULT ENTERPRISE

Security for multiple doors and locks is in your control with Master Lock Vault software. Designed for commercial use, Master Lock Vault Enterprise provides a convenient way to control access, manage assets and improve accountability.

NO KEYS, NO FOBS
Say goodbye to lost keys and fobs. The key is your phone, with secondary combination access available.

NO CONTRACTS
Our software platform is contract-free, with no subscriptions required, and offers free support through our customer care team.

LOCATION MAPPING
Using geolocation, our app lets you see where in the world your lock was last accessed.

ANYTIME, ANYWHERE
Manage and monitor lock access from wherever you are with our app.

DETAILED ACCESS HISTORY
Monitor access history with robust data and audit trails to maintain accountability and control.

ADVANCED SECURITY
256-bit, military grade encrypted digital keys can't be duplicated, so you control who has access.

Secure your facility with hardware built to withstand the test of time

The *Corbin Russwin PED4000/PED5000 Series* and *SARGENT PE80 Series* exit devices are engineered to meet the demands of today's facilities while anticipating the needs of tomorrow. Combining dependable safety features with a sleek, forward-thinking design, these devices are built to last.

Key Features:

- Reduced catch points to improve safety
- Multiple indicator options available (Active/Passive Dogging, Trim Status)
- Multiple trim and finish options for wide and narrow style applications
- Robust end cap design to withstand high-impact conditions
- Exceeds ANSI/BHMA Grade 1 certified for strength and durability

Wireless Solutions for Every Opening

Most buildings have access control on the perimeter and high security openings. Wireless locks are a smart choice to extend electronic access control beyond these areas—increasing security, improving efficiency and enhancing end user convenience with mobile credentials.

S

INTRODUCING

ROSSLARE SMALL BUSINESS KITS

Complete Access Control Kits for the SMB Market make it easy to order and easy to deploy Rosslare's Industry Leading Access Control Solutions.

R

2 DOOR 825 KIT
ORDER PART# AC825-2KIT
Includes:
(1) AC-825IP Controller and enclosure
(2) AY-K12C Prox Readers
50 Clamshell or Key Fob Credentials

4 DOOR 825 KIT
ORDER PART# AC825-4KIT
Includes:
(1) AC-825IP Controller and enclosure
(4) AY-K12C Prox Readers
50 Clamshell or Key Fob Credentials

Our 2 and 4 door kits are based on either our top selling AC-225IP-BU panel and enclosure or the innovative AC-825IP-BU panel and enclosure and include our rugged AY-K12C Prox Readers. Kits may be upgraded to the AY-K35 Multi Smart Readers featuring BLE (Bluetooth Low Energy), 125 kHz (ASK and FSK), and 13.56 MHz RFID support, ideal for sites that need more than one RFID credential technology for a small upcharge. To complete the configuration, kits also include our industry leading AxTraxPro software and (50) clamshell or key fob credentials.

ALL KITS INCLUDE AXTRAXPRO LICENSE FOR UP TO 6 READERS
