

## Small Format Interchangeable Core in Schlage Key Configuration

**EDM Solutions Ltd.**, brings over 30 years of industry experience specializing in tooling and manufacturing services for the most complex and niche applications. Their expertise spans a variety of highly specialized industries, including Enclosure hardware, Lock security, automotive, aerospace, and more, where accuracy, reliability and innovation are paramount.

**With a strong dedication to quality and a commitment to excellence, they deliver tailored solutions that meet the evolving needs of customers, ensuring the highest standards in quality, supply and logistics.**

**The 8C04-Small Format Interchangeable Core is designed to function like any standard Stanley BEST SFIC but operates using Schlage's key configurations. This enables SFIC to be key sharing across all Schlage Security environments that operates under Schlage's Full Size Conventional Cylinders.**
