

MICROWAVE TOUCHLESS ACTUATOR WITH ADJUSTABLE RANGE AND RELAY HOLD TIME

BEA's MAGIC SWITCH Family provides a highly accessible and germ-free door activation without physical contact. Reduce touchpoints in fast-paced environments that depend on sanitation like healthcare, retail, industrial and commercial settings.

The **MS31** detects moving objects such as a hand, cart or wheelchair and reduces touchpoints in high traffic areas commonly found in shopping and transportation centers. Applications requiring hygienic activation include hospitals, pharmacies, clean rooms and foodservice facilities.

- Adjustable Detection Zone
- Adjustable LED Setting
- Silent Activation
- Durable Design
- Various Faceplates Available

Part Number: BEA10MS31U-B

The **MS41** features rounded corners and a customizable illuminated ring with audible signaling. The durable design suits sterile, wash-down applications such as surgical, wash-down, clean room and pharmaceutical environments.

- Durable Faceplate
- Ideal For Harsh Environments
- High-Visibility
- Adjustable Detection Zone
- Activation Alerts
- Adjustable Hold Time

Part Number: BEA10MS41S
