Smart Lock Pro + Connect

Yale

The Ultimate Smart Lock For Your Smart Home

The August Smart Lock Pro and the August Connect Wi-Fi Bridge are revolutionary in home residential security and takes less than 10 minutes to install. Lock and unlock your door from anywhere, grant secure access to friends and family, and track who is coming and going, all from the August app. Automatically unlocks when you arrive and locks when you leave. August Smart Lock Pro works with all three voice assistants - Siri, Amazon Alexa, and the Google Assistant.

 **Control Access For Anyone**
Grant access for a few weeks, a few hours, or a few minutes. It's up to you.

 **Locks Automatically**
Never worry if your door is locked again.

 **Two-factor authentication**
August products and services always use at least two factors of authentication to ensure the highest level of security.

 **Keep Existing Lock And Keys**
Easily attaches to your existing deadbolt; use your existing keys at anytime.

 **Unlocks When You Arrive**
Auto-Unlock detects your arrival and unlocks the door automatically.

 **Two-layer encryption**
The August Smart Lock uses Bluetooth Energy (BLE) technology encryption, as well as an additional encryption mode.
