

4040XP

Feature Enhancements

LCN

This heavy-duty closer is LCN's most durable surface-mounted closer, designed for the most demanding applications. And now, external enhancements make installation and maintenance faster and more accurate.

Patent-pending regulation valve indicators

LCN Green Dial

Patent-pending positive stop

Labeled regulation valves and diagram of door swing

While the internal design remains unchanged, providing the same quality, reliability and durability for which the 4040XP cast iron closer is well known.
