BATTERY POWER MAGIC SWITCHES
GET A 900 MHZ RECEIVER FREE

BEA's MS51 is a long-lasting battery-powered, active infrared touchless actuator that reduces wiring and provides flexible mounting options. It may be hardwired or connected to wireless transmitters. This solution boasts superior battery life with three years of uninterrupted operation across a range of applications and environments. LED alerts indicate battery status for easy maintenance.

When you purchase 2 Single Gang or Double Gang BEA MS51W Actuators, you will receive a 900 MHz Receiver FREE!

(Applies to all orders placed December 1, 2023 to January 31, 2024)
