STRIKE**

**Receive a \$10 Amazon Gift Card for every
4 Electric Strike Guards, Latch Guards or
Two Post Plates purchased in June and July 2024.**

The **Two Post Strike Plate** is a heavy duty deadbolt strike reinforcement, created by locksmiths, that targets the weakest point of entry in a home and provides an upgraded physical barrier to forced entry. Applied force is distributed by the lengthened strike plate, longer screws and the two posts embedded into the house studs.

The **Electric Strike Guard** is a heavy duty guard that fits most electric strikes. Installed at the edge of the door to cover the lock and electric strike.

The **Universal Storefront Latch Guard** is used for out swinging storefront doors to reinforce the door lock.
